

## A NEW CHAPTER OF CARE

**WHEN:**  
SATURDAY, MAY 16  
6-10 P.M.

**WHERE:**  
SUMMIT | SEATTLE CONVENTION CENTER  
900 PINE STREET

### TURNING THE PAGE

At Evergreen Treatment Services, participants write their own stories. Each person's point of view and recovery experience is different. Through their stories, our participants make one theme perfectly clear: **recovery is possible.**

As an organization, we're no strangers to a twist in the plot. From opening doors during the war on drugs to expanding services throughout Western Washington, and launching REACH 30 years ago to serve our unhoused neighbors, our story has evolved as needed to better serve the Puget Sound community.

Now, we're writing our next chapter of care. To better serve our participants, we're preparing to transform our Seattle clinic into a first-of-its-kind health and recovery campus. As we turn the page and bid our current clinic goodbye while looking forward to where our story will lead, we invite you to celebrate and start this new chapter with us.

Join us for our second year at Summit for dinner, drinks, and storytelling. The evening will culminate in a lively paddle raise and dessert dash.

### HELP US WRITE A NEW CHAPTER OF CARE

Support our 9th annual *Roots of Recovery* gala on **May 16, 2026**. Together, we'll celebrate the stories of our participants and invest in the future of care.

Join friends, colleagues, and community leaders to help ensure recovery stories continue for years to come.

### WHY SPONSOR?

#### SHOW COMMITMENT TO OUR COMMUNITY

Your sponsorship will demonstrate your commitment to social justice and compassion for family, friends, and neighbors who face systemic barriers to treatment and stable housing.

#### REACH NEW AUDIENCES

We expect 400+ influencers from the business, government, philanthropy, and non-profit sectors to attend.

#### MAKE AN IMPACT

By investing in our work, you contribute to a safer, healthier, and more just world for all. Risk of death from overdose drops more than 50 percent for individuals receiving recovery services. In addition, evidence shows that our programs reduce crime, decrease hospital stays and use of emergency services, and help people find housing and employment.
